WHAT GOES ON AT THE RODEO?

At all times, contestants must ride to set rules, the judges allocating points for the style of the rider and performance of the horse or steer. At no time is the rider permitted to abuse or mistreat the stock.

Saddle Bronc Riding

The contest is judged on the rider's ability to synchronise their movements with the bucking rhythm of the horse. To qualify, the contestant must 'mark out' (having the spurs resting forward of the horse's shoulders until the horse completes its first jump out of the chute). The rider is disqualified for touching any part of the animal or equipment, losing a stirrup, or getting bucked off before eight seconds has elapsed.

Bare Back Riding

Points are given for the rider's style and flair on a horse. The contestant has one hand in the 'bare back riggin' leather handhold and must keep the other from touching the horse or themselves. The rider must mark out and stay on board for eight seconds.

Team Roping

The two-member team is made up of a header and a heeler. The header ropes the steer around the horns, then the heeler must rope both hind legs. Official time is taken when both catches are made, the ropes are tight, and the horses are facing each other.

Barrel Race

Each contestant runs their horse in a clover pattern around three large barrels, with the fastest time deciding the winner.

Steer Undecorating

Contestants on horseback chase a steer that has a ribbon taped to its back. The rider must get the ribbon in the shortest possible time while a hazer keeps the steer running in a straight line.

Break-away Roping

This is a timed event in which a rope is tied to the saddle horn with a ribbon. After the rider ropes the calf, they stop their horse. The running calf breaks the tie, pulling the rope from the saddle horn.

Bull Riding

In the most dangerous event in the Rodeo, the contestant earns points for staying on a bucking bull for eight seconds. The tougher the bull and the greater control shown by the rider, the more points they earn. To help the rider keep a good grip, a braided rope wrapped around the bull's chest is pulled tight by the rider's hand.

Steer Wrestling

Two riders, being the steer wrestler and the hazer, follow each side of a running steer. At the right moment, the steer wrestler launches themselves off their horse, taking the steer by the horns. The contestant must stop the steer then roll it to the ground. When the steer is lying flat on its side, official time is taken.

Rope and Tie

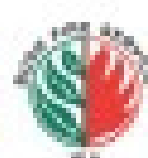

The mounted contestant follows the stock until they can throw a loop. If the rider makes a catch they dismount, run down the rope and ties the stock by three legs. Time is then taken, but to qualify the animal must remain tied for five seconds.

DRINKING ALCOHOL? HERE'S SOME TIPS TO STAY SAFER.

- ☒ Eat a meal before drinking and have regular food
- ☒ Make every second drink a non-alcoholic drink
- ☒ Keep track of how many drinks you've had
- ☒ Plan how you will get back to where you're staying before you leave
- ☒ Stick with a buddy
- ☒ Make sure your phone is charged and you have access to money if it goes flat
- ☒ If you're in danger, find police or call 000

**CHOOSING NOT TO USE ALCOHOL
AND DRUGS IS ALWAYS THE SAFEST
OPTION, AND USING DRUGS CAN
NEVER BE SAFE.**
